Andover Collection™ Patterns

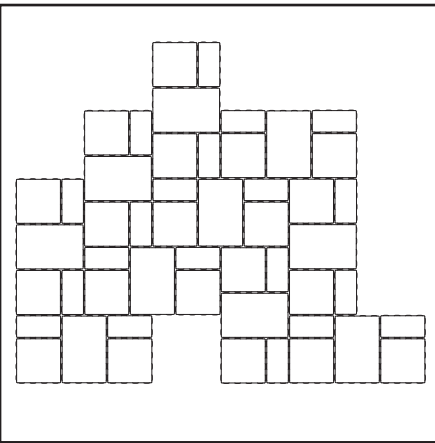

Andover Collection Set (As Sold/Packaged)

NOTE:

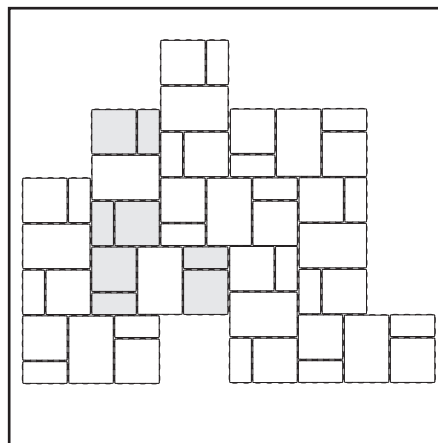

Andover Collection is sold and palletized by the set only. Each set consists of (2) 11"×11" Squares, (2) 5.5"×11" Small Rectangles and (1) 11"×16.5" Large Rectangle. Following the patterns below utilizes full sets with minimal waste as Squares and Large Rectangles are not available individually. Small Rectangles are available separately (see Andover 5511). *For more information, contact your sales representative or an Ideal authorized dealer.*

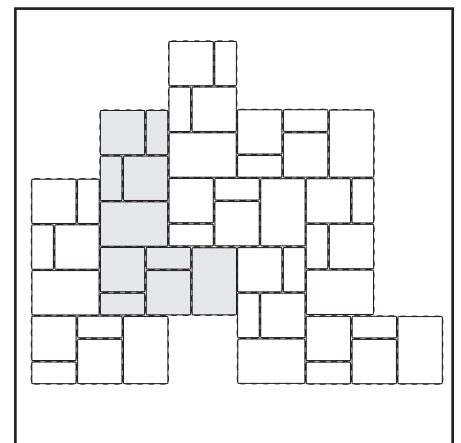

Andover can be placed randomly or in our "Set-Stone" pattern that creates easy to place, impressive arrangements. Consisting of 5 pieces (shown above), each set is placed as a module in a herringbone pattern (shown left). Stones within the module can be rearranged to vary the design as shown in the pattern options below. When laying any variation of the herringbone pattern, it is important to maintain the overall rectangular shape of the set (33" wide by 16.5" tall). Additionally, cuts must be made as necessary- dropping smaller stones in place to achieve the pattern with no cuts will result in falling short on sizes to finish the pattern (see note above).

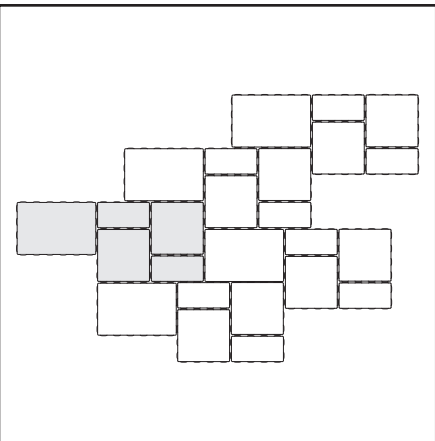

Pattern 1 Herringbone (as packaged)
100 sf Collection

Pattern 2 Herringbone
100 sf Collection

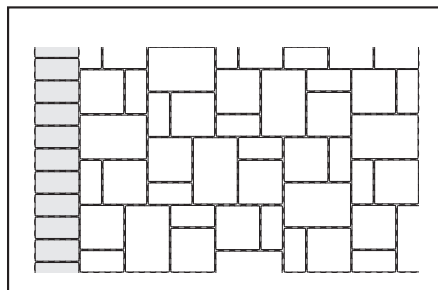

Pattern 3 Herringbone

Standard Border Courses

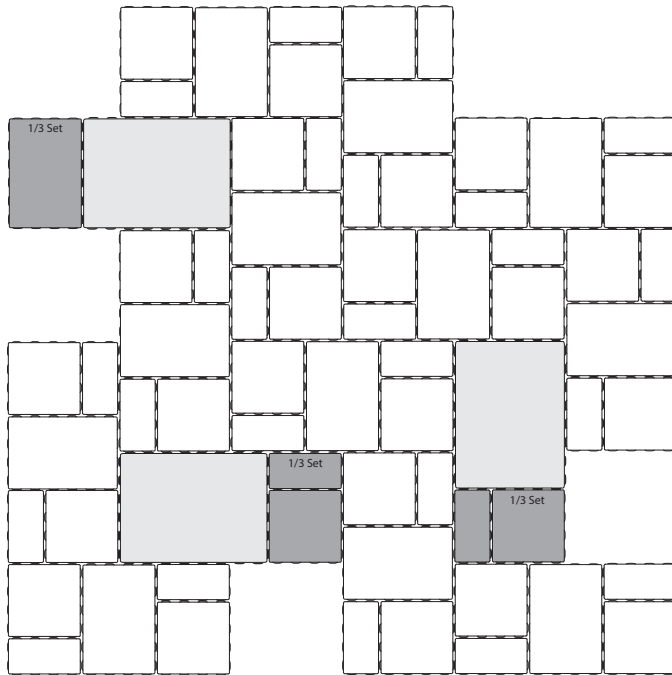

Andover 5511 Soldier Course
2.18 pcs/lf

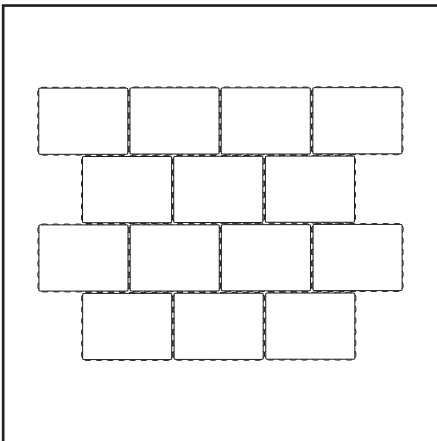

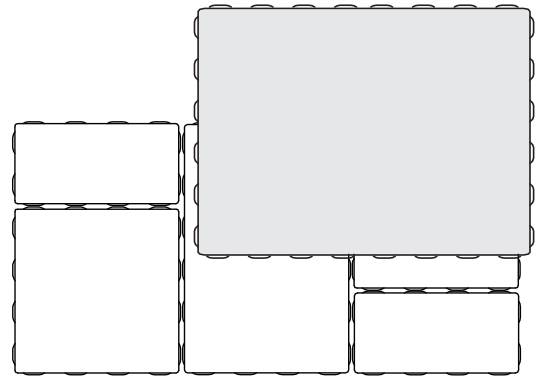

Andover 5511 Sailor Course
1.09 pcs/lf

*Coverage based on 100 square feet of pavement.
Border stones are not included in pattern percentages shown.

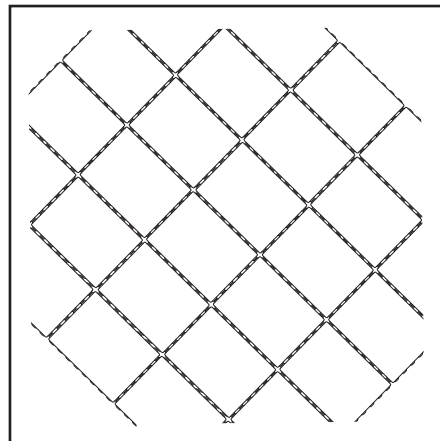

Andover GrandStone™ Patterns

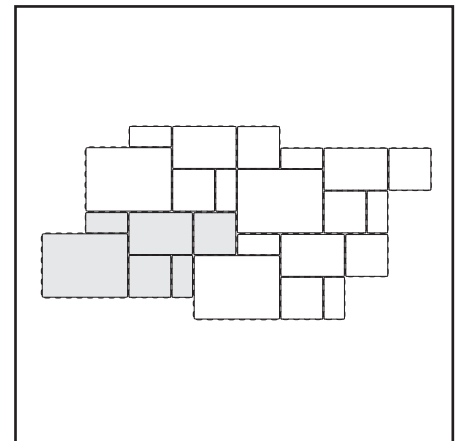

Andover GrandStone can be placed randomly within any variation of the Andover Collection herringbone patterns. GrandStones can be oriented both vertically or horizontally to achieve the look desired. Simply place each stone in place of two-thirds of an Andover Collection set. Each removed third can be used later on in the pattern with another GrandStone.
